

## Online Event

«Promoting Marine Cultural Heritage Utilizing Innovative Technologies»

**Monday 11 April 2022 18:15- 20:15**

We invite you to the open online event on the topic of accessibility and promotion of Underwater Cultural Heritage to the general public, utilizing innovative technologies. Innovative systems and applications will be presented during the presentations of the invited speakers, while the prospects of highlighting the marine monuments through innovative technological solutions will be discussed. Participants will have the opportunity to take part in the discussion that will follow the speeches.

The event is organized by the project i-blueCulture (<https://i-blueculture.iti.gr>), which is implemented in the framework of the RESEARCH - CREATE - INNOVATE Action and is co-financed by the European Union and national resources through the Operational Programme Competitiveness, Entrepreneurship & Innovation (EPANEK). It will be held online as part of an interdisciplinary seminar of the Interdisciplinary Postgraduate Program “Monument Management: Archeology, City and Architecture”, of the Department of History and Archeology of the University of Athens in collaboration with the Department of Architecture and Civil Engineering of the University of Patras and the department of Cultural Technology and Communication of the University of the Aegean.
